Weine aus aller Welt aktuell im Handel

Ätherischer Auftakt mit fein ziselierten Aromen von roten und schwarzen Waldbeeren. Harzige Noten, reduzierter Wiesenkräutersud, Grafit. Am Gaumen noch recht verschlossen mit erster reifer Süße. Straffe Säurestruktur und distinguiertes Tannin. Große Eleganz und Komplexität.

Großer Wein, sicheres Reifepotenzial

AL – The colour is ruby/garnet with some evolution; hint of vanilla and new oak on the nose, red and dark berries, liquorice and sweet spices. The palate is dense and chewy, still with a tannic presence, elegant fruit, balanced acidity, very good length and potential – still slightly on the youthful side, attractively made in a traditional style.

MdM – Dark, purple red with violet hue. Elegant nose with complex aromas, reminiscent of dark berries, blackberries and elderberries, mild spics, vanilla and a hint of cinnamon as well as aromatic herbs. On the palate opulent, but elegant with good structure, freshness and good length.

Blueberry and dark chocolate, with minerals and mint. Full-bodied, with polished silky tannins and a subtle fruity finish. A beautiful Sangiovese. Best in 2012.
